

  
**The St. Joan of Arc Digital Connection**  
[www.saintjoancatholic.org](http://www.saintjoancatholic.org)

We at St. Joan of Arc need your help to improve our “digital connection” --- the new technologies that provide new and exciting means of communications: websites, email, texting, etc. Most importantly, with your permission, we want to enter your digital contact information into our parish database so that you will quickly and easily receive:

- Daily and weekly messages from Fr. Joseph/parish staff
- Timely notifications of major church events
- The ability to sign-up/register for many church events
- The ability to conduct church business online
- The ability to provide fast feedback/suggestions to Fr. Joseph/staff

This is not a complete list of possibilities, but only the beginning. With your help, we can build a strong digital connection at St. Joan of Arc. We ask that all adults, 18 and older, to fill out this or our online form and return it to Laurette in the parish office no later than **March 15, 2011**. Please print clearly.

Thank You!
